CUSTOM ROLLER TRAY SETS

Build Your Own Custom Roller Tray Set

Create the perfect painting kit with our fully customizable roller tray sets.

Choose from 4", 7", or 9" tray sizes and tailor your set with as many roller refills as you need.

Each Refill matches the size of the Tray.

Mix and match from a wide range of refill options: Synthetic, Flock, Tiger Stripe, Microfibre, or Foam to suit any surface or finish.

Every custom set comes complete with a durable tray and a comfortable roller handle, giving you everything you need for a smooth, professional result.

CUSTOM ROLLER TRAY SET REFILLS

Microfibre Refill

4"

Microfibre refill (for a paint roller) is a replacement roller cover made of microfibre material that holds lots of paint and gives a smooth, even finish, especially on slightly textured surfaces like walls and ceilings.

Tiger Stripe Refill

4"

Tiger Stripe roller refills are used for painting walls and ceilings, as they give smooth, even coverage with good paint pick-up and durability on smooth to semi-rough surfaces.

Synthetic Refill

4"

A synthetic refill (for a paint roller) is a replacement roller cover made from man-made fibers that's durable and versatile, ideal for applying latex and water-based paints on smooth to semi-rough surfaces.

Flock Refill

4"

A flock refill (for a paint roller) is a replacement roller cover with a short, dense nap that gives an extra-smooth finish, ideal for applying thin coats of paint or varnish on smooth surfaces.

Foam Refill

4"

A foam refill (for a paint roller) is a replacement roller cover made of smooth foam that's great for applying thin, even coats of gloss, enamel, or lacquer paints on very smooth surfaces like doors, cabinets, and trim.

Mohair Refill

4"

A mohair refill (for a paint roller) is a replacement roller cover made from soft mohair fibers that provides a very smooth, high-quality finish, especially good for oil-based paints, varnishes, and smooth surfaces.

CUSTOM ROLLER TRAY SET REFILLS

Microfibre Refill 9" (1.75" Core)

Microfibre refill (for a paint roller) is a replacement roller cover made of microfibre material that holds lots of paint and gives a smooth, even finish, especially on slightly textured surfaces like walls and ceilings.

Tiger Stripe Refill 9" (1.5" & 1.75" Core)

Tiger Stripe roller refills are used for painting walls and ceilings, as they give smooth, even coverage with good paint pick-up and durability on smooth to semi-rough surfaces.

Synthetic Refill 9" (1.5" Core)

A synthetic refill (for a paint roller) is a replacement roller cover made from man-made fibers that's durable and versatile, ideal for applying latex and water-based paints on smooth to semi-rough surfaces.

Masonry Refill 9" (1.5" & 1.75" Core)

A masonry refill is a thick, durable roller cover designed for rough and textured surfaces. Ideal for masonry paints on brick, concrete, and render, it provides excellent paint pick-up and coverage on uneven areas.

"You can purchase any number of our refill sleeves—buy just one or stock up as many as you'd like. We also offer select sleeves in convenient multi-packs at a discounted rate, and you're free to mix and match to create the combination that works best for you."

The 175g Extra Strong Green Tarpaulin is designed to provide reliable, all-weather protection for a wide range of uses. Made from heavy-duty polyethylene, it is fully waterproof, tear-resistant, and built to withstand tough outdoor and industrial conditions. Reinforced edges and rust-resistant metal eyelets allow for secure fastening and long-lasting performance, even in windy environments. Ideal for construction, gardening, agriculture, camping, and general outdoor covering, this tarpaulin protects against rain, wind, dust, and UV exposure, while the green colour blends naturally into outdoor surroundings.
